## **VITESSE ENERGY ANNOUNCES THIRD QUARTER 2025 RESULTS AND INCREASED 2025 PRODUCTION AND CAPITAL EXPENDITURES GUIDANCE**

GREENWOOD VILLAGE, Colo. – November 3, 2025 – Vitesse Energy, Inc. (NYSE: VTS) (“we,” “our,” “Vitesse,” or the “Company”) today reported the Company’s third quarter 2025 financial and operating results and increased 2025 production and capital expenditures guidance.

### **THIRD QUARTER 2025 HIGHLIGHTS**

- As previously announced, declared a quarterly cash dividend of \$0.5625 per common share to be paid on December 31, 2025
- Net loss of \$1.3 million and Adjusted Net Income<sup>(1)</sup> of \$3.8 million
- Adjusted EBITDA<sup>(1)</sup> of \$41.6 million
- Cash flow from operations of \$49.4 million and Free Cash Flow<sup>(1)</sup> of \$13.6 million
- Production of 18,163 barrels of oil equivalent (“Boe”) per day (65% oil)
- Total cash development capital expenditures and acquisition costs of \$31.8 million
- Total debt of \$114.0 million and Net Debt to Adjusted EBITDA ratio<sup>(1)</sup> of 0.65

<sup>(1)</sup> Non-GAAP financial measure; see reconciliation schedules at the end of this release

### **MANAGEMENT COMMENTS**

“In the third quarter, we paid our dividend, maintained our conservative balance sheet, and allocated capital to the most economic projects,” said Bob Gerrity, Vitesse’s Chairman and Chief Executive Officer. “Technological improvements in the Bakken, most notably in the economic performance of three- and four-mile laterals, continue to enhance the value of our asset. Drilling of these extended laterals is occurring in areas of the field where Vitesse has its most concentrated acreage position. Additionally, our operating team successfully completed two 95% working interest wells under budget, with initial oil and gas production outperforming our underwriting.”

### **STOCKHOLDER RETURNS**

On October 27, 2025, Vitesse declared its fourth quarter cash dividend of \$0.5625 per share for stockholders of record as of December 15, 2025, which will be paid on December 31, 2025.

On September 30, 2025, the Company paid its third quarter cash dividend of \$0.5625 per share to common stockholders of record as of September 15, 2025.

---

## **FINANCIAL AND OPERATING RESULTS**

Third quarter net loss was \$1.3 million and Adjusted Net Income was \$3.8 million. Adjusted EBITDA was \$41.6 million. See “Non-GAAP Financial Measures” below.

Oil and natural gas production for the third quarter of 2025 averaged 18,163 Boe per day, a sequential decrease of 4% from the second quarter of 2025. Oil represented 65% of production and 96% of total oil and natural gas revenue. Total revenue plus the effects of our realized hedges was \$71.7 million.

Vitesse’s average realized oil and natural gas prices before hedging were \$59.73 per Bbl and \$0.85 per Mcf, respectively, during the third quarter of 2025. The Company had hedges covering 63% of oil production in the third quarter of 2025 and its realized oil price with hedging was \$62.71 per Bbl. Its realized natural gas price with hedging was \$1.14 per Mcf.

Lease operating expenses in the third quarter of 2025 were \$18.5 million, or \$11.05 per Boe. General and administrative expenses for the third quarter of 2025 totaled \$5.7 million, or \$3.44 per Boe.

## **LIQUIDITY AND CAPITAL EXPENDITURES**

As of September 30, 2025, Vitesse had \$5.6 million in cash and \$114.0 million of borrowings outstanding on its revolving credit facility. Vitesse had total liquidity of \$141.6 million as of September 30, 2025, consisting of cash and \$136.0 million of committed borrowing availability under its revolving credit facility.

On October 17, 2025, Vitesse completed its semi-annual redetermination of its revolving credit facility. The borrowing base was reduced from \$315 million to \$295 million due to the lower commodity price environment with elected commitments being reaffirmed at \$250 million.

During the quarter, Vitesse invested \$26.0 million in development capital expenditures and \$5.8 million in acquisitions of oil and natural gas properties.

---

OPERATIONS UPDATE

As of September 30, 2025, the Company owned an interest in 299 gross (5.6 net) wells that were either drilling or in the completion phase, and another 414 gross (15.2 net) locations that had been permitted for development.

In late September, Vitesse’s operating team turned to production two gross (1.9 net) drilled but uncompleted wells acquired through the acquisition of Lucero Energy Corp. (“Lucero”) in March of 2025. The wells were completed approximately \$2 million, or 15%, under budget and initial oil and natural gas production is exceeding underwritten expectations.

REVISED 2025 GUIDANCE

Vitesse revised its 2025 annual guidance due to incremental drilling activity on its organic non-operated asset and from the completion of the two gross (1.9 net) operated drilled but uncompleted wells in the third quarter.

The Company is increasing its annual production guidance for 2025 by 8% at the midpoint and narrowing the range. It is increasing and tightening the range of its capital expenditure guidance and narrowing the range of oil as a percentage of annual production.

## COMMODITY HEDGING

Vitesse hedges a portion of its expected oil, natural gas, and natural gas liquids production volumes to increase the predictability and certainty of its cash flow and to help maintain a strong financial position to support its dividend. Based on the midpoint of its revised 2025 guidance, Vitesse has approximately 60% of its remaining 2025 oil production hedged at a weighted average price of \$69.99 per barrel and 44% of its remaining 2025 natural gas production hedged at a weighted average floor of \$3.73 per MMBtu.

As of September 30, 2025, the Company had the following crude oil swaps:

## **FORWARD-LOOKING STATEMENTS**

This press release contains forward-looking statements regarding future events and future results that are subject to the safe harbors created under the Securities Act of 1933 and the Securities Exchange Act of 1934. All statements other than statements of historical facts included in this release regarding Vitesse's financial position, operating and financial performance, business strategy, dividend plans and practices, guidance, plans and objectives of management for future operations, and industry conditions are forward-looking statements. When used in this release, forward-looking statements are generally accompanied by terms or phrases such as "estimate," "project," "predict," "believe," "expect," "continue," "anticipate," "target," "could," "plan," "intend," "seek," "goal," "will," "should," "may" or other words and similar expressions that convey the uncertainty of future events or outcomes. Items contemplating or making assumptions about actual or potential future production and sales, market size, collaborations, and trends or operating results also constitute such forward-looking statements.

Forward-looking statements involve inherent risks and uncertainties, and important factors (many of which are beyond Vitesse's control) that could cause actual results to differ materially from those set forth in the forward-looking statements, including the following: changes in oil and natural gas prices; the pace of drilling and completions activity on Vitesse's properties; Vitesse's ability to acquire additional development opportunities; potential acquisition transactions; integration and benefits of acquisitions, including the Lucero acquisition, or the effects of such acquisitions on Vitesse's cash position and levels of indebtedness; changes in Vitesse's reserves estimates or the value thereof; disruptions to Vitesse's business due to acquisitions and other significant transactions; the ultimate timing, outcome, and results of integrating and executing on Lucero's operations; infrastructure constraints and related factors affecting Vitesse's properties; cost inflation or supply chain disruption; ongoing legal disputes over and potential shutdown of the Dakota Access Pipeline; the impact of general economic or industry conditions, nationally and/or in the communities in which Vitesse conducts business,

---

including central bank policy actions, bank failures and associated liquidity risks; changes in the interest rate environment, legislation or regulatory requirements; changes in US trade policy, including the imposition of and change in tariffs and resulting consequences; conditions of the securities markets; Vitesse’s ability to raise or access capital; cyber-related risks; changes in accounting principles, policies or guidelines; and financial or political instability, health-related epidemics, acts of war (including conflicts in the Middle East and Ukraine) or terrorism, and other economic, competitive, governmental, regulatory and technical factors, including a prolonged government shutdown, affecting Vitesse’s operations, products and prices. Additional information concerning potential factors that could affect future results is included in the section entitled “Item 1A. Risk Factors” and other sections of Vitesse’s Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q, as updated from time to time in amendments and subsequent reports filed with the SEC, which describe factors that could cause Vitesse’s actual results to differ from those set forth in the forward looking statements.

Vitesse has based these forward-looking statements on its current expectations and assumptions about future events. While management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond Vitesse’s control. Vitesse does not undertake any duty to update or revise any forward-looking statements, except as may be required by the federal securities laws.

**NON-GAAP FINANCIAL MEASURES**

Vitesse defines Adjusted Net Income as net (loss) income before (i) non-cash gains and losses on unsettled derivative instruments, (ii) non-cash equity-based compensation, (iii) benefit from

income taxes, and (iv) certain other items such as material general and administrative costs related to the Lucero acquisition; reduced by the estimated impact of income tax expense.

Net Debt is calculated by deducting cash on hand from the amount outstanding on our revolving credit facility as of the balance sheet or measurement date.

Adjusted EBITDA is defined as net (loss) income before expenses for interest, income taxes, depletion, depreciation, amortization and accretion, and excludes non-cash equity-based compensation and non-cash gains and losses on unsettled derivative instruments in addition to certain other items such as material general and administrative costs related to the Lucero acquisition.

Vitesse defines Free Cash Flow as cash flow from operations, adjusting for changes in operating assets and liabilities in addition to certain other items such as material general and administrative costs related to the Lucero acquisition, less development of oil and gas properties.

Management believes the use of these non-GAAP financial measures provides useful information to investors to gain an overall understanding of financial performance. Specifically, management believes the non-GAAP financial measures included herein provide useful information to both management and investors by excluding certain items that management believes are not indicative of Vitesse's core operating results. In addition, these non-GAAP financial measures are used by management for budgeting and forecasting as well as subsequently measuring Vitesse's performance, and management believes it is providing investors with financial measures that most closely align to its internal measurement processes. A reconciliation of each of the non-GAAP financial measures to the most directly comparable GAAP measure is included below.
